1 BAR CODE SERVICE PROVIDES CAPABLE OF PRODUCING GS1 DATABAR™ BARCODES

The companies listed below offer bar coding solutions and can accommodate the GS1 DataBar™

1.1 Axicon Auto ID LLC

3262 Hardisty Avenue
Cincinnati, OH, United States, 45208
Phone: 513-871-6657 **Fax:** 513-871-6433
Email: sales@axicon.com

Axicon Auto ID LLC (Axicon) is a leading manufacturer of ISO/CEN/ANSI bar code verifiers that meet the most stringent class A standards. Axicon has worked extensively with major retailers and manufacturers worldwide. This experience has helped Axicon become one of the most esteemed specialists in bar code verification solutions.

Axicon creates highly accurate film masters and disk masters and have developed different bar code packages including:

- 'FILMBARS GRAPHICS' barcode generation software, a very competitive package to create your own bar code masters
- 'DISK MASTER' package, a top of the range solution for professionals.

Axicon has the capability to create GS1 DataBar™ labels including omnidirectional ones as well as the digital images needed for mass production. Axicon also manufactures ISO bar code quality verifiers capable of verifying GS1 DataBar™ bar codes.

Online ordering is available for batch orders. For more information on Axicon or the nearest Axicon reseller near you, contact Axicon at sales@axicon.com.

1.2 Barcode Graphics Inc.

25 Brodie Drive Unit 5
Richmond Hill, ON, Canada, L4B 3K7
Phone: 905-770-1154 **Fax:** 905-787-1575
Email: info@barcodegraphics.com **Website:** www.barcodegraphics.com

Barcode Graphics Inc. provides bar code EPS masters, ScanRight certification services and software, bar code verifiers, bar code printing hardware and software, compliant stickers and tags, as well as bar code scanners.

Barcode Graphics Inc. is able to produce variations of GS1 DataBar™ labels. This company has extensive experience in the production of the GS1 DataBar™ Limited, GS1 DataBar™ Omnidirectional, and GS1 DataBar™ Stacked Omnidirectional bar codes.

1.3 Fineline BarCode Technologies

2374 Dunwin Drive
Mississauga, ON, Canada, L5L 1J9

Worth Data's bar code solutions will help simplify everyday business activities, make complex tasks easier, and maximise productivity. Worth Data started in the bar code business in 1985 and has since served over 60,000 customers ranging in size from small businesses to Fortune 500 companies.

2.5 Easy Barcode Technologies

3518 Fremont Avenue N.
Suite 182
Seattle, WA, United States, 98103
Phone: 866 343-5310
Email: help@easybarcodetech.com **Website:** www.easybarcodetech.com

Easy Barcode Technologies, founded in 2003, provides easy-to-use bar coding software and hardware for Windows-based PCs and Macs. The company's flagship product, Easy Barcode Creator, makes bar code creation simple for beginners and experts alike.

2.6 IDAutomation.com, Inc.

550 N. Reo St.
Suite 230
Tampa, FL, United States, 33609
Phone: 813-514-2564 **Fax:** 813-354-3583
Website: www.idautomation.com

IDAutomation.com, Inc. (IDAutomation) provides automation components including bar code fonts, DLLs, ActiveX controls, .NET assemblies, label printing software, Radio Frequency Identification (RFID) products as well as hardware bar code scanners. IDAutomation supports several symbologies including GS1.

2.7 Peninsula Group

Low Hall Sheep Dyke Lane
Hunmanby, North Yorkshire
YO14 OPS, United Kingdom
Phone: + 44(0) 1723-890-699 **Fax:** +44(0) 1723-891-674
Email: sales@peninsula-group.com **Website:** www.peninsula-group.com

Peninsula Software is the Auto ID software business of Peninsula Group, the largest UK manufacturer of bar coding related software and hardware. The business was founded as a bar code software company in 1989 to solve the problems of integrating bar code images into artwork. Today, Peninsula Group's leading range of products covers every aspect of bar code production and reading. Peninsula Group is a market leader in this field, pushing the boundaries of what is possible with current technology.

3 GS1 DATABAR™ READY SCANNERS

In order to facilitate the adoption of the GS1 DataBar™ and provide retailers, distributors, manufacturers and GS1 Member Organizations with the tools and information they need to work efficiently, experts at the GS1 global office created an informative series of tools and documents.

For more information on the GS1 DataBar™, please visit:
www.gs1.org/productssolutions/barcodes/databar/

GS1 also provides a continuously updated list of scanners that are GS1 DataBar™ ready, which can be found at www.gs1.org/productssolutions/barcodes/databar/implement.html.
