

Notice of terminology change

As a neutral, industry led, federally incorporated not-for-profit organization that represents the interests of Canadian businesses across different sectors, GS1 Canada is subject to new legislation – the *Canada Not-for-Profit Corporations Act* (“New Act”), which it must adhere to by October 2014.

GS1 Canada will continue under the New Act with minimal changes. **Provision of an organization’s GS1 Canada Licence or GS1 Company Prefix Licence and any additional GS1 Canada service subscriptions are not impacted by the new legislation.**

At the Annual Meeting held on April 23, 2014, GS1 Canada received approval to transition to the New Act and adopted the related bylaws. GS1 Canada has therefore made changes to its terminology, which will be reflected in all billing documents, contracts, communications, and marketing material. All relevant material will be updated and completed by Summer 2014, as set out below:

Current terminology	Changed to
Member	Subscriber
Membership	Subscription
Membership Services Department	Industry Support Services Department

If you have questions related to this change or the New Act, please contact GS1 Canada at [1.800.567.7084](tel:18005677084) or info@gs1ca.org.
